

**VR Counselor:** \_\_\_\_\_

The following questions are about any assistive tools, devices or technologies the Consumer has reportedly used, either at home, or if they have worked or are working, at work. The purpose of this questionnaire is to evaluate the effectiveness, if you have access to this information from observations of their use of various tools during appointments, or from the file. Check "N/A" if you do not have enough information or observation time to answer. Please include Comments as you see fit.

Write a check mark in the box in front of the tool or technology the Consumer has been observed using, or has reported using, then write a check mark in the box that best describes its effectiveness.
